

PERFORMANCE LUBRICATION

PRODUCT INFORMATION

PERFORMANCE OFF ROAD 2T

100% synthetic lubricant for 2-stroke engines

DESCRIPTION

100% synthetic ester-based lubricant, specially developed for Competition, Cross, Enduro and Trial engines. Its special formulation guarantees maximum protection in severe competition conditions, ensuring clean combustion and less wear.

Developed for motorcycles with premix or separate lubrication system.

PERFORMANCE

STANDARDS: API TC+
JASO FD
ISO L-EGD

High film resistance and load capacity ensure perfect performance even under very severe conditions. Strong adherence of the product to the engine parts, preventing them from spinning under high revolutions, guaranteeing perfect lubrication of the crankshaft and other parts that rotate at high revolutions. It incorporates a sophisticated chemical dispersant system that ensures the cleanliness of the engine, spark plugs and exhaust valves, which remain free of residues, maintaining engine power. The segments remain free in their housings, ensuring perfect tightness and compression.

CONDITIONS OF USE

Generally a ratio of 2% ensures optimal performance for most engines. We recommend following the manufacturer's instructions.

TECHNICAL FEATURES

COLOUR:	Red	FREEZING POINT:	-36°C / -32.8 F
DENSITY AT 15°C:	0.910	FLASHPOINT:	160°C / 320 F
VISCOSITY AT 100°C:	11 mm ² /s		
VISCOSITY AT 40°C:	68 mm ² /s		
VISCOSITY INDEX:	150		

Rev. 11/23
